

Every job Every course Every college Further Education. It's **ours**

Join our campaign to secure post-16 education for generations to come.

Post-16 education is broken. Educators driven out by falling pay and rising living costs – while students pay the price in debt. Successive governments have failed to act. UCU is demanding a funded, accessible post-16 education system built with staff and students. *Education, it's ours* – it belongs to us all and we must fight to protect it.

Why should you join *Education, it's ours* campaign?

A broken education system is costing us our future, closing young people's opportunities and weakening the communities and economies that depend on it. But it doesn't have to be this way.

Imagine a nation where post-16 education is properly funded and protected, where staff can pass on much-needed skills and help discover answers to the greatest challenges facing our society. Our failure to act will echo for generations, so join our campaign.

What this campaign is aiming for:

- **Pay parity with schools across college, prison and adult education.**
- **Sustainable and stable long-term funding.**
- **Safe and manageable workloads.**

Why join UCU?

Joining a union is the most effective way for working people to deliver change.

University and College Union represents all staff, whether full-time or contractual, across universities, colleges, prisons, adult education and training organisations across the UK.
